

AQUATICS & EXOTICS

ONEDERSAVE PRODUCTS' EcoBio-Stone Nano uses unique beneficial bacteria spore colonies in volcanic rock to speed up the nitrogen cycle and keep aquarium water clear and clean, just as in nature. The perfect size for a betta tank, the product treats from 0.8 to 1.5 gal. EcoBio-Stone Nano 2-pack will treat from 1.5 to 3 gal. of water. The product works in both freshwater and saltwater tanks for about one year. It eliminates odor and reduces the need for maintenance by frequently replenishing beneficial bacteria, which breaks down organic waste into safer byproducts. onedersave.com

HIKARI SALES USA presents **Hikari Herptile**, a line of food products for lizards and other reptiles. Hikari Herptile features supplement-rich, scientifically formulated and lab-verified nutrient blends. Developed for leopard geckos and other insect-eating lizards, LeoGel offers an appealing live food-like texture. Ideal for the crested gecko and other fruit and insect-eating lizards, CrestGel also has a natural food-like texture that lizards will happily attack. DragonGel boasts a natural food-like texture and is perfect for bearded dragons and other vegetable-eating lizards. Dragon Delite is a scientifically balanced nutrient mix ideal for adult bearded dragons over 8 in. as well as other vegetable and insect-eating lizards with larger appetites. Lizards will love the pellets' texture, which is akin to live food. hikarius.com

VITAKRAFT SUN SEED presents **Sunseed Crazy Good Cookin' Kung Fu-licious and Cajun Bean & Corn**. The cookable treats for pet birds are designed to be a special treat served in addition to a bird's regular diet. They offer owners a convenient way to bond with their pet birds. Kung Fu-licious is a blend of rice noodles, green peas, sweet potato, carrots, papaya and pumpkin seed. Cajun Bean & Corn features hearty beans and corn mixed with peas, barley, lentil seeds and dried rose hips. sunseed.com

HIGGINS PREMIUM PET FOODS' inTune Complete & Balanced Grain Free Diet for Ferrets does not contain artificial preservatives, flavors or colors. It is grain and gluten free and specially formulated for a ferret's nutritional needs with 40 percent protein and 20 percent fat. The diet relies on quality sources for protein, such as turkey meal and chicken meal, as well as wild-caught, sustainable Alaskan pollock, which is rich in omega-3 fatty acids. The food is also enriched with omega-6 fatty acids as well as vitamin E to support immunity and promote healthy, shiny coats. Calcium and phosphorus are balanced to support the growth and maintenance of strong teeth and bones. In addition, natural beet fiber and protected probiotics are added to support digestion, immunity and overall health. higginspremium.com

CENTRAL GARDEN & PET presents the **Kaytee CritterTrail Super Habitat**, a habitat for larger breeds of hamsters or gerbils. It offers 540 sq. in. of living space, and the large top-access door allows both hands to enter the habitat to ensure safe removal of pets. Small pets can reach the second-level Comfort Shelf using a safety ramp. The second level features a Port Door to connect additional CritterTrail habitats or accessories. kaytee.com
